Start with a BOOM and End with a BROOM!

Cleaning up your litter is also part of being a good neighbor. Litter rarely stays in one
place and someone else may get stuck cleaning up your mess.

Here's a few helpful tips for cleaning up your fireworks debris:

- Have the right cleanup equipment ready.
- Allow spent fireworks to sit for several minutes - ensure fireworks are completely
extinguished before approaching.
- Use a broom to sweep up debris into trash containers. (Do not sweep down Storm Drains!)
- As a final precaution, temporarily place in a metal bucket or a bucket with sand or water.
- Place cool fireworks in regular trash for disposal.
