2020 CENSUS

Invitations to respond to the 2020 Census will be delivered between March 12-20. Once you receive that invitation, you can respond online, by phone, or by mail.

- The U.S. Constitution requires a census every 10 years.
- The census counts every person living in the U.S. once.
- Completing the census is required: it's a way to participate in our democracy and say "I COUNT!"
- Every 10 years, the results of the census are used to reapportion the House of Representatives, determining how many seats each state gets.
- After each census, state officials use the results to redraw the boundaries of their congressional and state legislative districts, adapting to population shifts.
- Census data determines how more than \$675 billion are spent, supporting your state, county and community's vital programs.
