Hickman Main Park Improvements

In 2012, the City of Hickman's Parks Department staff created a vision for Main Park improvements that could be completed over multiple phases and years. The Parks Department is funded by a combination of new construction Parks Infrastructure Fees of \$700.00 per house and business, sales tax and property tax revenue. While keeping our property tax levy flat, the Mayor and City Council budgeted for the following improvements:

2013: Construction of the Baseball and Softball Field Crow's Nests

2014 - 2015: Construction of the new Concession Stand and Restrooms

2015: Removal of the tennis courts and old playground equipment; Phase one construction of the new playground equipment including large play structure and swings

2017: Trail addition and bank stabilization project west and north of T-Ball Field

2019 (2018 & 2019 Budget): Phase two construction of the playground equipment, trail replacement and new shelter

Mayor, City Council and City Staff truly hope you enjoy the Main Park improvements!
